I hereby agree to comply with the Sanitary Code of Bay County, the well ordinance and any other code that applies to any permit issued to me or the permittee I represent. I give or have secured permission for the Bay County Health Department to enter the property referenced in this application for the purpose of making an onsite evaluation to determine the suitability of said parcel for construction of an onsite sewage disposal system and/or water supply, or to investigate health and/or environmental hazards and to issue public health orders to abate same. I also agree to comply with any design requirements or other requirements on the permit(s). Any Deviation from the specifications on the permit(s) must be approved in advance by the health Department. I also understand that the issuance of a permit does **not** constitute a guarantee of proper septic system functioning.

Appeals regarding any permit must be submitted to the Health Officer within ten (10) days of issuance of any permit.

***Homeowner may be required to provide the digging of test holes for soil analysis. Sanitarian will contact you.**
